The Design Brief

NOTE THIS IS NOT A REAL REQUEST AND THE RESULTS ARE FOR A FICTIONAL USE CASE.

You have asked to redesign the geconnected website, which is the student portal for the students of ToiOhomai.

The current URL is here:
https://getconnected.toiohomai.ac.nz/

At the moment the design doesn't really flow and the website has a lot of errors in it from a usability point of view.

Your task is to redesign and recreate the website. You are to interview students and see what they would like to see on the website. Also think about your own experience as a student and see if there is anything missing that would you find useful.

Please direct any questions to your Tutor, who has set the task and takes the place of the client.
